

Dear Parishioners of St. Joseph,

Some children are blessed in so many ways. Some children are blessed in subjects like Math (which was always my strength as a child), some are blessed with the ability to write, and some are blessed with a creative side, and are gifted in Art. Some are blessed with more than one gift.

Every year, the Homewood Woman's Club recognizes three junior high students who are blessed in the area of Art. The Woman's Club also recognizes three students from James Hart Junior High School. The students recognized from our school recently were 8th grader Ricardo Cyril, 7th grader Emily Eagen, and 6th grader Kira Chivers. The students were treated to a monetary award as well as ice cream. Ricardo will be attending Homewood-Flossmoor High School this fall, where I hope he continues creating wonderful Art work.

I congratulate all three students, who are pictured below. I'd also like to thank Mrs. Adducci, for being such a wonderful gift to our students. Have a wonderful week.

Dan
